- Send an athlete entry enquiry for Kyorugi and/or Poomsae with conditional age/category fields.
- Review event schedule, divisions, awards, spectator information and competition format.

Event & partnerships

Olympic-style Kyorugi: elimination bracket, bout winners advance. Poomsae is score-judged, not an elimination bracket. This does not imply Olympic or federation sanction.

Important operational boundaries

- Static site: no CMS/admin, database or athlete management system.
- Forms do not store entries, accept payments or upload documents; WhatsApp enquiry is not confirmed registration.
- No dedicated club/team or officials online registration flows.
- Event venue, schedule and technical regulations need final organiser confirmation.

Before handover: Sponsor form submits to `/api/sponsor`, but this repository has no API handler. Implement and test that service before relying on sponsor enquiries. Replace placeholder social links and temporary sponsor marks after confirmation.

Client follow-up

- Approve tournament venue, dates, rules, divisions, schedule, prizes and payment instructions.
- Confirm who receives enquiries and follows up; verify all phone/email details.
- Provide approved sponsor logos and live social profiles.
- Review privacy, safeguarding, terms and cookie content.
